GAME & FORMAT

A game is played between two teams. During the course of a game, four matches are played by at least two players from each team against each other. The winner of the game is determined by the total number of points won within all matches. The teams will play a scramble format that encourages teamwork and problem solving. Its nurturing nature creates a fun environment where the negative effect of performance errors is minimized. Each player will tee off at the beginning of each hole. The team then selects their best shot of the two and then each player plays again from the spot of the selected shot. Repeat this process until the ball is in the hole. The team with the lowest score wins the hole.

FLAGS & POINTS

Flags are 3-hole segments of each match. Since each match is played over the course of 9 holes, there are three flags per match. Whichever team wins the most holes within each flag (i.e. 3 holes-to-0 or 2 holes-to-1 hole), wins the corresponding flag. Each flag won by the team is worth one point. Each tied flag won by the team is worth a half point. The team with the most points at the end of the game wins.

Since there are four matches in each game, and each match is played for a maximum of three points, there are a maximum of 12 points total in each game.
